Trains and Lovers: A Novel Alexander McCall Smith

As they journey by rail from Edinburgh to London, four strangers pass the time by sharing tales of trains that have changed their lives. A keen-eyed Scotsman recounts how he turned a friendship with a coworker into a romance by spotting an anachronistic train in an eighteenth-century painting. An Australian woman shares how her parents fell in love and spent their life together running a railroad siding in the remote Outback. A middle-aged American patron of the arts sees two young men saying goodbye in a train station and recalls his own youthful crush on another man. And a young Englishman describes how exiting his train at the wrong station allowed him to meet an intriguing woman whom he impulsively invited to dinner—and into his life.

Here is Alexander McCall Smith at his most subtle and enchanting, exploring the nature of love—and trains—in this utterly captivating story.
