Humans have left the Earth, and dogs rule. Kipper is an oppressed tabby cat who dreams of a better place where cats are free to run their own lives. When Kipper discovers a secret that might lead her to such a paradise, along with the secret comes trouble -- first, Kipper's sister disappears, and, then, she's attacked by a dog goon herself. Kipper's escape takes her on a mad dash to Ecuador and the space elevator, where she catches a ride up to the otter-designed space station. Once in "otter space," Kipper must navigate an uncomfortably watery world to find out what happened to her sister and whether there really is a cat paradise. Otters in Space is a 2010 Ursa Major nominee for Best Anthropomorphic Novel.
