Sex Stories: Vol 2: Up again Liz savage

Recent 5 star reviews for Liz Savage.

At last, an author that actually knows how to write erotica, and is able to create characters that seemingly fit the lavishly descriptive scenarios that many readers may fantasise about, whilst delicately delivering aspects of genuine emotions and realistic actions experienced in such scenes.

Simultaneously amongst the saucy action, the author also manages to weave a plot full of surprises, leading to a climatic finale of which is beautifully demonstrated on multiple occasions throughout the various short stories contained within this unique book. Liz Savage is Erotica's finest! (Sky Nealon's review.)

There is nothing more tantalizing than a good erotica tale...add in a set of stories that are hot and sexually appetizing and you get a must read!! That's what happened with these stories. They were the best short stories that I have read in a long time in erotic nature. They were sizzling with fantasies that many can only dream of, but in these tales you live vicariously through the characters.

5 stars and then some...would definitely read more from Liz Savage. (Booklover review)

This is one of the best erotica novels I've read in so far! 'Sex Stories : The Start' is a collection of stories based on people's (particularly the author's) sexual fantasies. I was able to relate to every single one of the stories and oh boy, did I love them. These stories are PACKED with heat and sensuality.

I loved everything about these stories! First off, writing erotica is a form of art and certainly isn't everybody's cup of tea. But, Liz here, seems to be brilliant at this art! Her description skills are so fantastic that the scenes drag you into them and make you feel like you're a part of them, experiencing every feeling the characters are. The characters are dreamy and like everything you've ever wanted. For me, reading this book was as good as fulfilling all of my wild sexual fantasies and desires. These tantalizing tales are sure to leave you craving for more.

I would recommend this book to absolutely any fan of erotica! This is one novel you do NOT want to miss. I'm eagerly awaiting more works of this author. Great work, Liz! (Review from Barbara NYC)

Here are my adult only, + 18 romantic, erotica dreams. Short stories that get to the point, these graphic sexual encounters build to satisfying orgasmic release. These fantasies have turned into reality. Each is short enough to be read in a horny evening, or if you have the self-control, on your trip to work.
