Book One: Dive: The Discovery has Kaz, Dante, Adriana, and Star who aren't the best divers in the world. They've been chosen to spend the summer exploring the depths of the sea. There are only a few problems. First, the sharks. Killer sharks. And then the fact that the people running the program are covering up something big and mysterious. These four kids are about to make the discovery of their lives -- and put themselves in danger because of it. Book Two: Dive: The Deep: What lies in the Deep? Not just coral and sand. Not just undersea creatures that have never seen the light. No, the deep holds something even more mysterious and valuable. Kaz, Dante, Adriana, and Star started the summer thinking they were going to study marine life. Now they've found sunken treasure. And They're not the only nes who want to keep it. Book Three: Dive: The Danger In 1665, a British vessel named the Griffin sank with a priceless amount of gold on board. Now, centuries later, four kids are trying to raise the Griffin's treasure from the sea. Kaz, Dante, Adriana, and Star must take the biggest risks of their lives...and discover that they won't be able to trust anybody-even themselves. 144-160 pages each.
