## Vampire Romance

All she ever wanted was to sing...

Leliana has wanted to be a singer ever since she was a little girl, entertaining people on stage to help them forget their worries while she basked in the glow of the stage lights. Though that never happened, she settled for the next best thing: living out her dreams as a private eye.

The reality is far less glamorous than the radio shows used to make it, but the pay is good, so she can't complain too much. Typically, her cases involve someone running out on their spouse, or someone missing an item that was stolen. Tonight, however, she's in for the case of a lifetime.

When a wealthy man's daughter goes missing, it's up to her to track her down. She expects it to be just another case in her cap, until the trail leads her into a den of vampires. As if that didn't complicate things enough, one of them takes a shine to her, and soon she's caught up in a broiling underworld conflict that she should have no part of for his sake.

All in a day's work for Leliana Tornbeau, really.
