The Search for Bridey Murphy

This is the story of an experiment in hypnosis, how it came about, and its amazing results. It is a true story - a fact that makes it all the more amazing - that spans the bridge of time to a day in Ireland in 1798. But it starts in the present, one night in 1952 in Pueblo, Colorado, where Morey Bernstein, a young businessman intensely interested in hypnotism, was performing an experiment to explore a mystery of the mind. His subject, a young woman named Ruth Simmons, had been put into a deep hypnotic trance in the presence of witnesses. What Ruth Simmons told is the life of Bridey Murphy. In the tape recordings made that night and during later experimental sessions, she was able to recall, in infinite detail, this previous existence in Ireland.
