Valuing Emotions (Cambridge Studies in Philosophy)

Michael Stocker

Valuing Emotions (Cambridge Studies in Philosophy) Michael Stocker

This book is the result of a uniquely productive union of philosophy, psychoanalysis, and anthropology, and explores the complexity and importance of emotions. Michael Stocker places emotions at the very center of human identity, life and value. He shows how important are the social and emotional contexts of ethical dilemmas and inner conflicts, and he challenges philosophical theories that try to overgeneralize and over simplify by leaving out the particulars of each situation. This book will interest a broad range of readers across the disciplines of philosophy and psychology.
