Schaum's Outline of Signals and Systems, Second Edition (Schaum's Outline Series) Hwei Hsu

Study faster, learn better, and get top grades

Modified to conform to the current curriculum, *Schaum's Outline of Signals and Systems* complements these courses in scope and sequence to help you understand its basic concepts. The book offers practice on topics such as transform techniques for the analysis of LTI systems, the LaPlace transform and its application to continuous-time and discrete-time LTI systems, Fourier analysis of signals and systems, and the state space or state variable concept and analysis for both discrete-time and continuous-time systems. Appropriate for the following courses: Basic Circuit Analysis, Electrical Circuits, Electrical Engineering and Circuit Analysis, Introduction to Circuit Analysis, AC and DC Circuits.

Features:

- 571 solved problems
- Additional material on matrix theory and complex numbers
- Support for all the major textbooks for electrical engineering courses in electric circuits

Topics include: Signals and Systems, Linear Time-Invariant Systems, LaPlace Transform and Continuous-Time LTI Systems, The z-Transform and Discrete-Time LTI Systems, Fourier Analysis of Continuous-Time Signals and Systems, Fourier Analysis of Discrete-Time, State Space Analysis, Review of Matrix Theory, Properties of Linear Time-Invariant Systems and Various Transforms, Review of Complex Numbers, Useful Mathematical Formulas

From reader reviews:

Matthew White:

Why don't make it to become your habit? Right now, try to ready your time to do the important take action, like looking for your favorite guide and reading a book. Beside you can solve your short lived problem; you can add your knowledge by the publication entitled Schaum's Outline of Signals and Systems, Second Edition (Schaum's Outline Series). Try to stumble through book Schaum's Outline of Signals and Systems, Second Edition (Schaum's Outline Series) as your good friend. It means that it can for being your friend when you experience alone and beside regarding course make you smarter than before. Yeah, it is very fortunated for you. The book makes you considerably more confidence because you can know every thing by the book. So , we need to make new experience as well as knowledge with this book.

Charles Edwards:

Book is to be different for every grade. Book for children until adult are different content. To be sure that book is very important for us. The book Schaum's Outline of Signals and Systems, Second Edition (Schaum's Outline Series) had been making you to know about other knowledge and of course you can take more information. It is rather advantages for you. The guide Schaum's Outline of Signals and Systems, Second Edition (Schaum's Outline Series) is not only giving you a lot more new information but also being your friend when you really feel bored. You can spend your spend time to read your e-book. Try to make relationship while using book Schaum's Outline of Signals and Systems, Second Edition (Schaum's Outline Series). You never feel lose out for everything in case you read some books.

Issac Molina:

The book untitled Schaum's Outline of Signals and Systems, Second Edition (Schaum's Outline Series) contain a lot of information on that. The writer explains the girl idea with easy method. The language is very simple to implement all the people, so do not worry, you can easy to read that. The book was authored by famous author. The author brings you in the new age of literary works. In this time globalization it is important to someone to receive information. The information will make someone to understand the condition of the world. The healthiness of the world makes the information quicker to share. You can find a lot of referrals to get information example: internet, newspapers, book, and soon. You can see that now, a lot of publisher that print many kinds of book. Often the book that recommended to you is Schaum's Outline of Signals and Systems, Second Edition (Schaum's Outline Series) this book consist a lot of the information in the condition of this world now. This book was represented how

can the world has grown up. The language styles that writer use to explain it is easy to understand. The actual writer made some exploration when he makes this book. That is why this book appropriate all of you.
