The Son of Neptune (Heroes of Olympus, Book 2)

Amazon Best Books of the Month, October 2011: From the Roman demigod camp to the prison of Death himself, The Son of Neptune reunites readers with old friends and introduces them to a whole new cast of characters. The Roman camp is a far cry from Camp Half-Blood, but it's every bit as fascinating to explore. Our heroes battle up and down the West Coast with impossibly few days before disaster is unleashed, fighting new foes and finding new friends along the way. Some of the mysteries from The Lost Hero are solved, while others loom even larger. Rick Riordan is a master at balancing just the right amount of seriousness and levity in every situation, and his three teen narrators point out the strangeness of the iterations of ancient myths in the modern world with spot-on accuracy. With page-turning adventure, witty dialogue, and fun, fascinating characters, this second installment of the Heroes of Olympus series is a must-read for any fan of myths and fables. --Malissa Kent
