This book was written to help people. Even though the first chapter has a lot of religious content in it, this book is not all about religion. I believe in God, but there is so much more I truly believe that will benefit all people. The Learnings of a Lifetime Explanations of universals laws, religious laws, life's lessons, and work-related wisdom (And I'm still learning every day) Take every sentence and paragraph and stop and reflect on it before you move on to the next. If you read the whole composite and don't do this, you will likely not learn or remember 99 percent of it. Study it. When you reflect, ask yourself, what is the message? (Lesson of life, lesson of business, lesson of values and morals) What is this person trying to convey to the reader? Then you will retain it, pass it on, and hopefully use it for a lifetime!
