What is time? Space? Figments of the mind? Reality! What Reality? What do we feel inside a computer? Or, for that matter, inside another person's body? When tomorrow happened already but yesterday didn't arrive quite yet. So many impressions, flashes and shadows, the dark and the light - what makes the difference? The "Logs of JD Flora" were originally published in 1995 as an 'e-zine' sent out every other day with e-mail to many thousands of readers. Now available in book-form containing 144 unique stories, each of them raising profound philosophical questions, and all of them bound into the flow of a fantastic plot played out in fascinating and exotic countries and cultures from past, presence, and future. Philo-Fi. Philosophical Fiction, at its best.
