ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

Taking the reader from the beginning stages of a fire investigation in evidence collection and evaluating a fire scene to the end stages of report writing and giving testimony, internationally recognized forensic scientist John DeHaan is joined by forensic fire engineering expert David Icové for the 7th edition of Kirk's Fire Investigation. The model curriculum of the Fire Emergency Service Higher Education (FESHE) group serves as a basis for this important text which provides updated and expanded information on fire dynamics, ignition as well as brand new case examples. With appendices unique in content and focus including an Evidence Collection Kit and Incident Report Forms, this text serves as the keystone text in the field for both seasoned fire investigators as well as fire service professionals seeking the fundamentals and the most up-to-date information for the field of fire investigation.
