## **Whispers From Exile (Corwint Central Agent Files Book 2) C.E. Kilgore**

A love forbidden, and some would say impossible, forges between two friends as one struggles for the freedom of his people, and the other struggles for freedom from the confining construct of his mechanical existence.

The Ruisks were once a fierce and proud race with courageous spirits, but after over a century of being held captive under the oppressive leash of the Xen'dari Empire, they have become defeated, hollow shells that bow their heads in submission. Larx fights to help his people find their courage again as he seeks the courage to be true to the callings of his heart.

Torque has been a Central Agent for over one hundred and thirty years. Each day is defined by the protocols embedded into the subroutines of his Mechatronic mind. Orders are followed without question and his personal life is never put before the directives of the agency. After learning a groundbreaking truth, he fights to hold on to Larx and a bond that threatens to change his directive-driven world forever.

In Book 2, the rippling effects caused by Orynn's existence continue to move through the universe in unforeseen and unpredictable ways. Whispers of her aura linger, and the lives she touched continue to move the story of the universe forward. Follow the stories of the Central Agents as they continue to search for the truths about their universe and about themselves.

\*This book is intended for mature readers and contains mild violence, coarse language and romantic scenes of intimacy.

### About The Series: Corwint Central Agent Files

Corwint Central Agent Files is set in a galaxy far, far away. Various planetary systems and alien species, some human-like and others very unique, offer a backdrop to the adventures, struggles for power, character development and romance. As a space opera, character development and world building are the key ingredients. As a romance, ideals of love and relationship development are what drive the stories forward.

The Corwint universe is a constantly growing, changing and evolving universe. From space stations to newly discovered planets, each story in the series adds to a universe rich with life, struggling with conflict, and evolving its own sense of existence.

Love is the key theme in the series. Each book explores different aspects of love; from 'love at first sight' to unrequited love, from 'friends to lovers' to 'opposites attract', and everything in between. It also explores both sides of love - the good and beauty that can come from it, as well as the destructive force it can unleash when love turns to obsession.

Everything, and everyone, in the Corwint Universe has a past, present and future. Nothing is stagnant or an island. Every action, or inaction, has the potential to cast stones across the universe, creating ripple effects that may not be realized until years later. Fate mingles with choice, and consequences follow every decision.

#### **Rana Jensen:**

The reason why? Because this Whispers From Exile (Corwint Central Agent Files Book 2) is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will shock you with the secret this inside. Reading this book beside it was fantastic author who have write the book in such remarkable way makes the content within easier to understand, entertaining means but still convey the meaning completely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This book will give you a lot of benefits than the other book include such as help improving your skill and your critical thinking way. So , still want to hesitate having that book? If I were being you I will go to the book store hurriedly.

#### **Karen Ofarrell:**

As a student exactly feel bored to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just minor students that has reading's soul or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Whispers From Exile (Corwint Central Agent Files Book 2) can make you truly feel more interested to read.
