An Old High German Primer, With Grammar, Notes, and Glossary (Classic Reprint)

Joseph Wright

An Old High German Primer, With Grammar, Notes, and Glossary (Classic Reprint) Joseph Wright
Old High German language as a whole, especially when one attempts to make a discrimination between the Upper German and Upper Franconian dialects. I have, however, endeavoured to bring within a comparatively small compass all the really more important features of the language, and fully believe that the beginner who conscientiously works through the book will have acquired such a sound elementary knowledge of the language as will enable him to pursue his further study of German with little difficulty, whether from a literary or a purely linguistic point of view. In the MHG. primer many forms were left unexplained which beginners would, no doubt, like to have seen explained. There I mentioned such OHG. forms only as were absolutely necessary for the understanding of the Accidence, intentionally reserving the rest for the present little book. In fact, MHG. grammar will cause little or no difficulty to a student possessing a mere elementary knowledge of Old High German.
(Typographical errors above are due to OCR software and don't occur in the book.)
