Revolutionize Business & Life: Kick Start Growth, Automate Sales & Live the Life You've Always Imagined Patrick O'Donnell

Ready to revolutionize your business and life? It's time to create the change you desire. Do what you love, earn more, work less and live the life you've always imagined.

Is it possible to:

Create lasting change in just 7 steps?

Generate more leads and sales on autopilot than with a team of telemarketers?

Give back to the world the way you desire faster than you ever thought possible?

Indeed, it is. This is not just a business book. This is not just a spiritual growth book. Yet, it is both of these and so much more.

Revolutionize Business & Life is the culmination of a quest to create the ideal life, spanning more than a decade. From inspiring workouts and conversations with God to the latest marketing technology and business case studies, it's all here.

Have you ever gotten to a point in life when you said you must change something in your life... a relationship? Your body? Your career? In business, have you seen the changes going on around you and know you need to update your business to keep up with the latest technology and trends, but you haven't yet?

What better place than here. What better time than now.

There are often three areas of life that we seek to improve: 1) family / relationships, 2) body / self, 3) career / finances. This book is meant to be that catalyst to start the revolution in your business, life, or both. It was written for entrepreneurs, but if you're not interested in the business side, you can skip Part II. It's Part II that's all about how to revolutionize your business with the latest strategies and technology so you can earn more in less time, so you can spend more time with loved ones and give more to others.

This book is divided into three parts – just like the subtitle of this book (Kick Start Growth, Automate Sales & Live the Life You've Always Imagined)

- Part I covers how to kick start growth and shows the 7 steps on how to do this.
- Part II covers how to automate lead capture, follow-up and sales and shares the 7 ways companies are losing sales and what they can do about it.
- Part III pulls it all together and covers the 7 ways to make change stick so you can live the life you've always imagined.

In this book, you will learn:

- 1) How top producers radically transformed their lives by doing one simple thing to start each day
- 2) How to kick start growth and create lasting change in your life through 7 steps
- 3) How you can profit from your expertise

- 4) How to capture leads 7 different ways, communicate with the leads across multiple channels and convert those leads to sales... all on autopilot while you are sleeping or spending time with loved ones
- 5) Real case studies of how others have used these ways to automate sales and create more income
- 6) How to set goals for your business and life and ensure those goals are met
- 7) How to establish a way for you to make an ongoing, positive impact on the world

And that's just the beginning. You need the steps to kick start growth, automate sales and live the life you've always imagined.

That's exactly what Revolutionize Business & Life delivers.
