Overview: The Video Game Sex Party is a great way to have fun playing video games AND get everyone naked, excited and turned on.

Types of Games: This game was made to play with many video games (or even dice, use your imagination). Some video games will work better than others. Events should be rather short such as a 3 lap car race (or one lap for those with less experience), one frame of bowling, one hole of golf, or one dance song. Some games are actually many mini games and would work great. You may want to limit the length of a round to 5-10 minutes. Games where everyone can play at the same time are usually best. If a game is made up of numerous rounds (golf, bowling, etc), the points scored in the round should be used to determine the winner, not the total score so far. (Note: While online gaming is fun, this is meant to have people actually touching each other and requires that they be in the same room.)

(Video games and console are not included)
