Inhuman is Book 5 in the best-selling, smash hit phenomenon, *Post-Human* series. In this nearly 400 pages, 109k word epic story. Readers will get to rejoin all of the characters they fell in love with along the way in the previous 4 books. *Inhuman* not only ties the first four books together, it also introduces a new villain, one that has been lurking in the background throughout, and that will trump any villain in the history of literature, film, or comics. V-SINN is its name, and, this time, it may just be too much for the post-humans to handle. *Inhuman* is to the *Post-Human* series as *The Empire Strikes Back* was to *Star Wars*--the middle act when revelations emerge, old sins come back to haunt, and the journey of the heroes that readers have fallen in love with deepens, darkens, and entertains to a whole new level. *Post-Human* fans will not be disappointed with this epic middle act! Enjoy!
