Nature's God: The Heretical Origins of the American Republic

Matthew Stewart

Nature's God: The Heretical Origins of the American Republic Matthew Stewart

Longlisted for the National Book Award. Where did the ideas come from that became the cornerstone of American democracy?

America's founders intended to liberate us not just from one king but from the ghostly tyranny of supernatural religion. Drawing deeply on the study of European philosophy, Matthew Stewart brilliantly tracks the ancient, pagan, and continental ideas from which America's revolutionaries drew their inspiration. In the writings of Spinoza, Lucretius, and other great philosophers, Stewart recovers the true meanings of "Nature's God," "the pursuit of happiness," and the radical political theory with which the American experiment in self-government began.

Brandon Giles:

As a scholar exactly feel bored to reading. If their teacher inquired them to go to the library or make summary for some e-book, they are complained. Just very little students that has reading's spirit or real their pastime. They just do what the professor want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Nature's God: The Heretical Origins of the American Republic can make you truly feel more interested to read.
