I think, therefore I am; existentialism; dialectical materialism? The Socratic method and deconstruction? Sure, you know what they all mean. That is, you've certainly heard of them. But do you know enough about them to join a dinner-party debate or dazzle the bar with your knowledge?

30-Second Philosophies takes a revolutionary approach to getting a grip on the 50 most significant schools of philosophy. The book challenges leading thinkers to quit fretting about the meaning of meaning for a while and explain the most-complex philosophical ideas.

Here, in one unique volume, you have the chance to pick the potted brains of our leading philosophers and understand complex concepts such as Kant's categorical imperative without ending up in a darkened room with an ice pack on your head.

Read in Russian by Dimitriy Kreminskiy and Pavel Dorofeyev.
