## **Darkest Before Dawn** Arlene Brathwaite

Dawn was living the American dream: the perfect job, the perfect house, and the perfect husband, who convinced her that “anything’s possible when you’re doing the right thing”. But in 2009 when a recession rocks the Nation, she no longer believes in her husband’s philosophy. Her American dream soon becomes an American nightmare when she’s on the verge of losing everything she worked so hard for. Dawn quickly reverts to her old philosophy: Fight for what’s yours by any means necessary.

For Dawn, that means becoming someone she was in the past in order to ensure that she and her husband will again have the perfect future. Some say it’s darkest before dawn. They have no idea.
