The Book of PF: A No-Nonsense Guide to the OpenBSD Firewall

Peter N.M. Hansteen

The Book of PF: A No-Nonsense Guide to the OpenBSD Firewall Peter N.M. Hansteen

OpenBSD's stateful packet filter, PF, is the heart of the OpenBSD firewall and a necessity for any admin working in a BSD environment. With a little effort and this book, you'll gain the insight needed to unlock PF's full potential.

This second edition of *The Book of PF* has been completely updated and revised. Based on Peter N.M. Hansteen's popular PF website and conference tutorials, this no-nonsense guide covers NAT and redirection, wireless networking, spam fighting, failover provisioning, logging, and more. Throughout the book, Hansteen emphasizes the importance of staying in control with a written network specification, keeping rule sets readable using macros, and performing rigid testing when loading new rules.

The Book of PF tackles a broad range of topics that will stimulate your mind and pad your resume, including how to:

- Create rule sets for all kinds of network traffic, whether it's crossing a simple LAN, hiding behind NAT, traversing DMZs, or spanning bridges or wider networks
- Create wireless networks with access points, and lock them down with authpf and special access restrictions
- Maximize flexibility and service availability via CARP, relayd, and redirection
- Create adaptive firewalls to proactively defend against would-be attackers and spammers
- Implement traffic shaping and queues with ALTQ (priq, cbq, or hfsc) to keep your network responsive
- Master your logs with monitoring and visualization tools (including NetFlow)

The Book of PF is for BSD enthusiasts and network administrators at any skill level. With more and more services placing high demands on bandwidth and an increasingly hostile Internet environment, you can't afford to be without PF expertise.

From reader reviews:

Joseph Chandler:

What do you regarding book? It is not important with you? Or just adding material when you require something to explain what you problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to complete others business, it is gives you the sense of being bored faster. And you have time? What did you do? All people has many questions above. They must answer that question simply because just their can do that will. It said that about guide. Book is familiar on every person. Yes, it is correct. Because start from on pre-school until university need this specific The Book of PF: A No-Nonsense Guide to the OpenBSD Firewall to read.

Charles Payne:

This The Book of PF: A No-Nonsense Guide to the OpenBSD Firewall are usually reliable for you who want to be considered a successful person, why. The explanation of this The Book of PF: A No-Nonsense Guide to the OpenBSD Firewall can be on the list of great books you must have is usually giving you more than just simple examining food but feed you with information that maybe will shock your before knowledge. This book is definitely handy, you can bring it all over the place and whenever your conditions throughout the e-book and printed versions. Beside that this The Book of PF: A No-Nonsense Guide to the OpenBSD Firewall giving you an enormous of experience like rich vocabulary, giving you demo of critical thinking that could it useful in your day activity. So , let's have it and luxuriate in reading.

Irene Weinstein:

Hey guys, do you would like to finds a new book you just read? May be the book with the subject The Book of PF: A No-Nonsense Guide to the OpenBSD Firewall suitable to you? The particular book was written by well known writer in this era. The book untitled The Book of PF: A No-Nonsense Guide to the OpenBSD Firewallis the main of several books in which everyone read now. This kind of book was inspired many people in the world. When you read this reserve you will enter the new dimension that you ever know previous to. The author explained their strategy in the simple way, therefore all of people can easily to recognise the core of this reserve. This book will give you a lot of information about this world now. To help you to see the represented of the world in this particular book.

Bethany Archie:

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library in order to make summary for some e-book, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring in addition to can't see colorful images on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we want. Likewise word says,

ways to reach Chinese's country. Therefore , this The Book of PF: A No-Nonsense Guide to the OpenBSD Firewall can make you experience more interested to read.
