Wallace D. Wattles

This volume contains the complete collection of Wallace D. Wattles writings, one of the most influential authors of the New Thought, who inspired modern books like “The Secret”. Wallace sought a complete human being, healthy, purposeful, living in harmony with family and peers, and rich enough to enjoy ALL that is good in life. He saw men and women able to enjoy the things the Universal Source (God) has made available to all, if only we would follow basic rules that HE -over and over and over again throughout history, has tried to communicate via Messages and Messengers. The Wisdom of Wallace, his philosophy and his way of expressing it, are a universal treasure that could certainly contribute to getting us closer to the eternal truth. The truth that there is SOMETHING beyond our understanding which we call many names, and is in all things and in all of us, whether we are rich or poor, religious or not religious.
