An Easy Day: A Fictional Account of the Mission that "Killed" Osama Bin Laden Conrad Powell

The third person fictional account regarding the final day of Operation Geronimo. It details in a fanciful short account what could have happened.

This book puts the pieces together to argue that Osama Bin Laden is not really dead at all. That perhaps the American Government masterminded the greatest magical feat, that of making Osama “disappear.”

This book will plant you in the action from the minute the first Navy Seal helicopter crashes to the “fly over ocean burial.”

Did the Navy Seals really witness the death of Osama bin Laden or did they cover up a conspiracy?
