Ayn Nation Under God Hart Williams

As the clock ticked down to government shutdown, Senator Ted Cruz took to the Senate floor, reading excerpts from one of his favorite books--by his own admission--Ayn Rand's Atlas Shrugged, to justify shutting down the government.

In this special government shutdown edition, the dangers of the Ayn Rand philosophy are examined, the obsession with a 'freedom' that can only exist at the expense of greater society, of a greed that would shut down the government of all to benefit the one.

If the book were JUST a refutation of Ayn Rand, it would only be interesting to those who hate Rand, and those who LOVE Rand, to see what the opposition to her philosophy was up to. It has to be more, and it is: to define the nature of liberty, we must also define the nature of society, and the inter-relation of the "freedom" of the individual and the "regulation" (anti-freedom) of society.

The author proposes to give you a definition that resolves this into the false dilemma it's always been. And why the "key" notion of Ted Cruz's and Ayn Rand's and Charlie and David Koch's notion of "liberty" is just hogwash. Easy to see in your own life, real world, organic hogwash.

An intellectual romp, with a heaping helping of humor, written in an accessible, informative manner that's sure to please the casual reader or the scholar, 'Ayn Nation Under God' is as fresh as today's headlines--since Rand's ideas fuel the Tea Party, and the Koch Brothers, among others.
